

PECB ISO/IEC 27002 Foundation

Become acquainted with Information Security Controls based on ISO/IEC 27002

Why should you attend?

ISO/IEC 27002 Foundation training course enables participants to learn the basic concepts related to the implementation and management of information security controls based on the guidelines of ISO/IEC 27002. Through this training course, participants will be able to identify the information security controls of ISO/IEC 27002 that are categorized into four themes: organizational, people, physical, and technological. The training course also provides information on how ISO/IEC 27002 is related with other standards, such as ISO/IEC 27001 and ISO/IEC 27003.

The training course is followed by an exam. If you pass, you can apply for the “PECB Certificate Holder in ISO/IEC 27002 Foundation” certificate. This certificate demonstrates that you have a general knowledge of ISO/IEC 27002 information security controls.
