

PECB Certified AS9100 Lead Auditor

Master the Audit of an Aerospace Quality Management System (AQMS) based on AS9100

Why should you attend?

AS9100 Lead Auditor training enables you to develop the necessary expertise to perform an Aerospace Quality Management System (AQMS) audit by applying widely recognized audit principles, procedures and techniques. During this training course, you will acquire the knowledge and skills to plan and carry out internal and external audits in compliance with ISO 19011 and the certification process according to ISO/IEC 17021-1.

Based on practical exercises, you will be able to master audit techniques and become competent to manage an audit program, audit team, communication with customers, and conflict resolution.

After acquiring the necessary expertise to perform this audit, you can sit for the exam and apply for a "PECB Certified AS9100 Lead Auditor" credential. By holding a PECB Lead Auditor Certificate, you will demonstrate that you have the capabilities and competencies to audit organizations based on best practices.
