

PECB Certified MS Internal Auditor

Master the ability to conduct and manage an MS internal audit

Why should you attend?

The Certified MS Internal Auditor (CMSIA) training course is designed to provide the knowledge and skills needed for conducting and managing internal audits in accordance with ISO 19011 guidelines, and other best practices. In this comprehensive three-day course, you will learn the fundamental concepts and principles of internal auditing, the competence required for internal auditors, and how to effectively prepare, conduct, and follow up on internal audits.

This training course will enable you to establish and continually improve an internal audit program within your organization, ensuring compliance and effectiveness.
