

PECB DORA Foundation

Become acquainted with the fundamental concepts, principles, and requirements of the Digital Operational Resilience Act (DORA)

Why should you attend?

This training course is designed to help participants understand the fundamental concepts, requirements, and principles of the Digital Operational Resilience Act (DORA). By attending this training course, participants will also learn the key responsibilities of financial entities and regulators under DORA, with practical insights into applying DORA principles within organizational ICT risk management frameworks.

After completing the training course, you will be eligible to sit for the exam. Upon successfully passing the exam, you can apply for the “PECB Certificate Holder in DORA Foundation” credential. This certificate demonstrates your understanding of DORA and its application in the financial services sector.
