

PECB Certified ISO 14015 Foundation

Become acquainted with the best practices of Environmental Assessment of Sites and Organizations (EASO) based on ISO 14015

Why should you attend?

Environmental Assessment of Sites and Organizations (EASO) Foundation training enables you to learn the basic elements to assess the environmental aspects and impacts associated with the acquisition of sites and organizations, as well as, the potential consequences of such acquisitions. During this training course, you will be able to understand the best practices used to conduct an Environmental Assessment of Sites and Organizations so as to ensure that adverse environmental impacts and consequences are avoided along the way.

After completing this course, you can sit for the exam and apply for a “PECB Certified Environmental Assessment of Sites and Organizations Foundation” credential. A PECB Foundation Certificate shows that you have understood the fundamental concepts, framework and processes.
