

PECB Certified ISO 20121 Lead Implementer

Master the implementation and management of Event Sustainability Management Systems (ESMS) based on ISO 20121

Why should you attend?

ISO 20121 Lead Implementer training enables you to develop the necessary expertise to support an organization in establishing, implementing, managing and maintaining an Event Sustainability Management System (ESMS) based on ISO 20121. During this training course, you will also gain a thorough understanding of the best practices of Event Sustainability Management Systems and therefore improve the sustainability of an organization's event-related activities.

After mastering all the necessary concepts of Event Sustainability Management Systems, you can sit for the exam and apply for a "PECB Certified ISO 20121 Lead Implementer" credential. By holding a PECB Lead Implementer Certificate, you will be able to demonstrate that you have the practical knowledge and professional capabilities to implement ISO 20121 in an organization.
