

PECB Certified ISO 22000 Lead Implementer

Master the implementation and management of Food Safety Management Systems (FSMS) based on ISO 22000

Why should you attend?

The ISO 22000 Lead Implementer training enables you to develop the necessary expertise to support an organization in establishing, implementing, managing and maintaining a Food Safety Management System (FSMS) based on ISO 22000. During this training course, you will also gain a thorough understanding of the best practices of Food Safety Management Systems and be able to apply them in an organization's food supply chain in order to effectively control food hazards and ensure quality and safety.

After mastering all the necessary concepts of Food Safety Management Systems, you can sit for the exam and apply for a "PECB Certified ISO 22000 Lead Implementer" credential. By holding a PECB Lead Implementer Certificate, you will demonstrate that you have the practical knowledge and professional capabilities to implement ISO 22000 in an organization.

Course agenda

DURATION: 5 DAYS

- Day 1: Introduction to ISO 22000 and initiation of a FSMS
