

## PECB Certified ISO/IEC 17025 Lead Implementer

Master the implementation and management of Laboratory Management Systems (LMS) based on ISO/IEC 17025

### Why should you attend?

ISO/IEC 17025 Lead Implementer training enables you to develop the necessary expertise to support laboratories to meet the requirements of the standard by implementing a quality control system based on ISO/IEC 17025. During this training course, you will also gain a thorough understanding of the best practices of an LMS in testing and calibration laboratories in order to produce reliable measurement results and open your laboratory's doors for accreditation and international recognition.

After mastering all the necessary concepts of Laboratory Management Systems, you can sit for the exam and apply for a "PECB Certified ISO/IEC 17025 Lead Implementer" credential. By holding a PECB Lead Implementer Certificate, you will be able to demonstrate that you have the practical knowledge and professional capabilities to implement ISO/IEC 17025 in your laboratory.
