

PECB Certified ISO 29001 Lead Auditor

Master the Audit of Quality Management Systems for petroleum, petrochemical and natural gas industries, sector-specific for product and service supply organizations (OGQMS) based on ISO/TS 29001

Why should you attend?

ISO/TS 29001 Lead Auditor training enables you to develop the necessary expertise to perform an Oil and Gas Quality Management System (OGQMS) audit by applying widely recognized audit principles, procedures and techniques. During this training course, you will acquire the necessary knowledge and skills to plan and carry out internal and external audits in compliance with ISO 19011 and ISO/IEC 17021-1 certification process.

Based on practical exercises, you will be able to master audit techniques and become competent to manage an audit program, audit team, communication with customers, and conflict resolution.

After acquiring the necessary expertise to perform this audit, you can sit for the exam and apply for a "PECB Certified ISO/TS 29001 Lead Auditor" credential. By holding a PECB Lead Auditor Certificate, you will demonstrate that you have the capabilities and competencies to audit organizations based on best practices.
