

## PECB Certified ISO 28000 Lead Auditor

**Obtain the necessary competencies to plan, conduct, and close an ISO 28000 audit based on the requirements of ISO/IEC 17021, the guidelines of ISO 19011, and other best practices**

### **Why should you attend?**

The PECB ISO 28000 Lead Auditor training course enables you to develop the necessary competencies to perform security management system (SeMS) audits by applying widely recognized audit principles, procedures, and techniques. This training course integrates the ISO/IEC 17021-1 requirements, the ISO 19011 guidelines, and other best practices of auditing, in order to equip you with the necessary competencies for planning, conducting, and closing ISO 28000 conformity assessment audits successfully.

Besides the theoretical basis, the training course also provides a hands-on approach by providing examples, exercises, and quizzes to reinforce your understanding of the key aspects of ISO 28000 conformity assessment audits, including the interpretation of ISO 28000 requirements in the context of an audit, the principles of auditing, the application of audit methods and approaches to evidence collection and verification, leading an audit team, drafting nonconformity reports, preparing the audit report, and following up on nonconformities.

After completing the training course, you can sit for the exam. If you successfully pass the exam, you can apply for the “PECB Certified ISO 28000 Lead Auditor” credential. The internationally recognized “PECB ISO 28000 Lead Auditor” certificate validates your professional expertise and demonstrates that you have the knowledge and skills to audit an SeMS based on ISO 28000.
