

## PECB Certified ISO 55001 Lead Auditor

### Master the Audit of Asset Management Systems (AMS) based on ISO 55001

#### Why should you attend?

Organizations worldwide increasingly seek qualified auditors to evaluate the effectiveness of asset management practices implemented within an ISO 55001-based AMS. This comprehensive course equips you with the knowledge and skills to plan, conduct, and manage audits in accordance with ISO 19011 (auditing guidelines for management systems) and ISO/IEC 17021-1 (requirements for certification processes).

Through engaging discussions, hands-on exercises, and interactive learning, you will gain a thorough understanding of AMS auditing practices while strengthening your core auditing competencies.

After completing the course, you will have the opportunity to sit for the certification exam. Successful candidates will be awarded the internationally recognized "PECB Certified ISO 55001 Lead Auditor" credential—demonstrating your expertise in auditing organizations for compliance with ISO 55001 requirements.

## Who should attend?

This training course is intended for:

- Auditors seeking to conduct and lead AMS audits
- Managers or consultants seeking to master the AMS audit process
- Individuals responsible for maintaining conformity to the AMS requirements in an organization
- Technical experts seeking to prepare for an AMS audit
- Expert advisors in asset management

## Course agenda

Duration: 5 days
