

## **PECB CERTIFIED ADVANCED AUDITING TECHNIQUES COURSE**

**Montreal, QC, Canada - October 17 to 21, 2016.**

PECB is pleased to organize the second session in a row for its newest training course 'Advanced Auditing Techniques'. This course is now open for registration for anyone interested to start and/or advance their career in auditing management systems for organizations worldwide.

This five-day intensive course will empower participants to develop the necessary expertise to apply widely recognized audit principles, procedures and techniques. During this training, participants will acquire the necessary knowledge to proficiently plan and perform audits in compliance with best known practices, including ISO 19011 and ISO 17021. This course and the exam are a requirement in order to obtain the PECB Certified Auditor credential, which will enable you to perform PECB Management System Audits.

## SCHEDULE

### MONDAY

09:00 – 12:30	Audit Pre-planning and Planning Activities
12:30 – 13:30	Lunch
13:30 – 17:00	Auditing Risk and Materiality

### TUESDAY

09:00 – 12:30	Planning the Audit
12:30 – 13:30	Lunch
13:30 – 17:00	Audit Testing: Control Tests and Substantive Tests

### WEDNESDAY

09:00 – 12:30	Ethics & Liability
