In today’s dynamic world a degree with no specialization can hardly yield well-rounded qualifications and serve as a substantial baggage for climbing the career ladder. Taking control over your own future and leading others toward triumphant fronts requires qualifications of significant value that place you in a superior position amongst others. PECB University, through its higher education opportunities, is committed to preparing you to face the increasing challenges of a given occupation while getting a handle on best field specific and business related practices. In a world of vast uncertainties and complexities, we prepare you how to apply analytical skills in solving real-world problems. We aim to develop you into a competent field expert and a smart business decision maker.

We guide you through expertise by serving competency-based and career-focused education. The core of our interest is to make our programs available to people of all demographics and dismantle the barriers of time and distance by taking advantage of technology.

We offer to help you gain a primed mindset that allows you to confront challenges, adapt to changes, and apply the newfound skills to incite a positive impact in your organization.
KEY FEATURES OF OUR PROGRAMS

Our MBA Degree Programs provide a combination of business management fundamentals with field specific expertise that prepare you to seek managerial roles, switch careers, or advance in your field of work. The skills acquired from our MBA programs are easily transferable to different roles.

MBA in Business Continuity Management

PROGRAM SNAPSHOT

Credits: 48
Duration: between 12 and 36 months
Work experience: A minimum of 2 years of relevant working experience. Although you are not required to have previous experience in business administration, you are expected to have a background on the field in which you are pursuing the MBA program.

Delivery mode: Online, synchronous and asynchronous classes
Language: English
Audience: Designed for candidates seeking managerial or executive positions in Business Continuity

PROGRAM DESCRIPTION

Through the MBA program in Business Continuity Management you develop a comprehensive understanding of business disruptions, emergencies, or threats facing an organization. You gain the necessary competence to react in emergency situations, and to manage them successfully so that the operations and business continuity of the organization are not distorted. The courses within this program prepare you in areas of disaster recovery, business response, risk analysis, and information management.

You gain the knowledge and skills to conduct advanced research on a variety of business continuity management issues, and to provide pragmatic recommendations for improving the business continuity of an organization. The program will also help you develop your strategic thinking as a crucial factor for you to grow into a field expert able to respond to emergency situations, mitigate or prevent threats, and recover from them.

PROGRAM LEARNING OUTCOMES

• Gain extensive understanding of various business continuity aspects, and of reaction practices for treatment of serious situations.
• Possess the skills to estimate exposure to vulnerability, develop response actions and prospective reaction plans, business continuity plans, and disaster recovery frameworks.
• Learn how to propose plans and implement strategies for response to and recovery from emergency situations.
• Acquire the necessary skills to prevent potential risks that might emerge from serious situations, and be able to assign resources and appropriate response strategies for mitigating the effects of those situations.
• Develop fundamental understanding of emergency management processes and procedures.
The MBA degree in Business Continuity Management may land you empowering jobs including but not limited to the positions below:

- Business Continuity Director
- Business Continuity Analyst
- Business Resilience and Continuity Leader
- Business resilience Manager
- Business Continuity Planner
