If you are looking to develop expertise in a specialized area and broaden your knowledge base, but time and cost limitations are interfering with your ability to attend a full degree program, a PECB University Graduate Certificate may be the ideal choice for you. With these programs, we aim to serve success-driven individuals who are eager to explore and embrace new opportunities, broaden their field expertise, and gain a competitive edge in the job market. Our programs will be the vehicle for reaching your full potential, as they will cover field-related practices and the best customizable strategies and methods pertaining to the field of interest. The effect on earnings is just the tip of the certificate program-payoff iceberg, as other very important personal and professional benefits will accrue to our graduates.

A Graduate Certificate from PECB University offers you career-focused, stand-alone education, and facilitates your intellectual growth. Such programs also offer you convenient and economical means of retaining and/or acquiring new skills in a specific area.
GRADUATE CERTIFICATE PROGRAMS

PECB University Graduate Certificates offer you the opportunity to build expertise in a specialized area, develop industry specific skills, or gain the required skills to transition to a new field. These are short, multi-course academic programs.

The certificate programs are compatible with the MBA degree requirements, enabling certificate recipients to transition to a degree program and transfer credits earned towards the degree. Students who later decide to apply credits earned toward the MBA degree are required to formally apply to the program sought.

GRADUATE CERTIFICATE IN RISK MANAGEMENT

The Graduate Certificate in Risk Management prepares you for a Risk Management executive role by developing your knowledge and skills needed to create and implement the best possible responses toward a wide range of risks, irrespective of their level of criticality. The program delivers a proper interpretation of risk management frameworks and compliance criteria for practical application in the workplace.

This program enhances your academic and practical skills to be able to effectively develop, implement, and manage risk systems. You become risk management expert, able to handle the growing complexities associated with planning, monitoring and responding to risks. By receiving this certificate, you will demonstrate possession of relevant expertise in strategic planning, decision making, risk responses, and business continuity.

PROGRAM LEARNING OUTCOMES

✔ Familiarize with risk management principles, develop awareness on business challenges, and enhance adaptation capabilities to adequately operate under diverse business environments.

✔ Gain skills in quantitative and qualitative data analysis to estimate the organization’s exposure to risks.

✔ Understand the possible consequences of risks and how they may impact and hinder the effective operations of the organization.

✔ Learn to apply managerial strategies and risk detection methods to identify potential risks on time, and take responsive actions.

✔ Develop sound judgement and technical expertise to adequately approach risks and choose forthcoming actions.
Each of the Graduate Certificate programs requires completion of four (4) specialization courses; each worth three (3) credits.

The Graduate Certificate in Risk Management may land you empowering jobs including but not limited to the positions below:

- Risk Management Analyst
- Risk Management Coordinator
- Operational Risk Manager
- Business Risk Specialist
- Risk Management Administrator
- Strategic Risk Manager
- Risk and Assurance Adviser
- Risk and Compliance Specialist

PROGRAM STRUCTURE
