MBA in Risk Management

PROGRAM SNAPSHOT

Credits: 48

Duration: between 12 and 36 months

Work experience: A minimum of 2 years of relevant working experience. Although you are not required to have previous experience in business administration, you are expected to have a background on the field in which you are pursuing the MBA program.

Delivery mode: Online, synchronous and asynchronous classes

Language: English

Audience: Designed for candidates seeking managerial or executive positions in Risk Management

PROGRAM DESCRIPTION

The MBA program in Risk Management introduces you to principles of risk management and the areas of its applicability. You become competent to analyze the entire operations of an organization, from minor to complex ones, and to identify areas more prone to fraud and risk.

You also gain the necessary knowledge and skills to recognize and identify business threats and turn them into business opportunities. Through this program, you learn to create risk management plans and ensure they are effective in strengthening an organization's position in the market.

The courses within this program contribute significantly to the development of your analytical skills that enable you to strategically identify, evaluate, and mitigate risks. You learn to develop and maintain a close and constant communication with all parties involved, to stay alert of potential risks, to avoid any complications at the earliest stages, and to minimize any losses in the profit that might occur as a consequence.

PROGRAM LEARNING OUTCOMES

- Conduct gap analysis for comparison of various systems and develop risk management plans for an organization.
- Implement relevant strategies and risk detection methods for identifying potential risks on time and develop a mitigation plan.
- Consult previous experiences to detect potential risks and develop a disaster recovery plan.
- Analyze the organizational existing strategies for risk planning and monitoring, and perform the necessary improvements.
- Observe and report on the effectiveness of ongoing risk management efforts.
