PECB BRAND

OUR MISSION

To provide comprehensive training, examination, and certification services

We strive to build a network of professionals working towards personal and professional growth and development. Worldwide credibility and recognition is the true value of PECB. Through our work, we want to inspire trust and continual improvement, demonstrate the power of recognition, and contribute to the benefit of society as a whole.

OUR VISION

To become the global benchmark for the provision of professional certification services

Having already established our position as a respected and trustworthy source of knowledge through our training courses, webinars, conferences, and magazine, our vision is to become the global leader in the development and communication of professional training courses related to international standards and more.

OUR VALUES

Integrity, Professionalism, Fairness

It is through integrity, professionalism, and fairness that PECB has had a fast and steady growth. Our values are ingrained not only in the work culture of every employee, but also in every new professional relationship that we develop with our network.

OUR SLOGAN

Beyond Recognition

Our slogan highlights two important pillars of our core beliefs. First, we do not see recognition as an end goal. Our certificates have value beyond the formal recognition of your professional skills – we emphasize intangible values that every person should have. Second, “Beyond Recognition” denotes great change and development. A professional who undergoes intensive training changes beyond recognition.

LOGO

The official logo is the face of the PECB brand. The logo design, with the choice and arrangement of characters, signifies solidity, sharpness, attention to detail, and reliability.

The official PECB logo is made of a custom-built typeface.

PECB

COLORS

This is our color palette.

Colors are the mainstay of any corporate identity. With time a color gets instinctively associated with the company and, if used properly, can act as great brand reminder.

PECB red is bright, energetic, and bold. We complement it with full black and/or white.

Even though it’s available in 9 different weights (Thin, Extra-light, Light, Regular, Medium, Semi-bold, Bold, Extra-bold, Black) we should stick to Regular, Semi-bold and Bold fonts only.

“Nanum Square Round” is our typeface used for Korean language. It is available in Regular and Bold.

LOGO USAGE

Minimum Safe Area

To keep our logo consistently legible across all brand touchpoints, please keep all content outside the defined minimum safe area. The safe area is used to prevent text, logos, graphic or other elements near the logo that may distort the perception of the sign.

The measure used to determine the safe area around the logo is half the height of the logo shown by “x”.

PECB is associated with lots of companies worldwide. The PECB logo should appear with the logos of the organizations we are associated with in compliance with the minimum safe area rule.

Minimum Size

The minimum size shows the smallest allowed dimensions of the logo. This is to prevent the logo from becoming illegible.

40px / 7mm | **PECB** **Digital:** 40px height minimum
Print: 7mm height minimum

LOGO USAGE

Extended Versions

The PECB brand has two extended logo versions, which consist of the logo and the slogan combined.

The rule for minimum safe area applies to these versions as well.

With the vertical version, the slogan is placed underneath the logo. Always place the vertical version in the center of the page, screen, or layout.

With the horizontal version, the slogan is placed on the right side. Always place the horizontal version on the left side of the page, screen, or layout.

The slogan can also stand alone, parallel with the logo as shown in the sample.

LOGO USAGE

Dos & Don'ts

The logo gives end users the first impression of the company and must be treated with great care. Thus, our logo should never be altered or manipulated in any way. Following are some of the restrictions.

The same restrictions apply to the extended logo version as well.
