PECB Trainer Certification Program
PECB is a certification body for persons, management systems, and products on a wide range of international standards.

As a global provider of training, examination, audit, and certification services, PECB offers its expertise on multiple fields, including but not limited to Information Security, IT, Business Continuity, GDPR, Service Management, Quality Management Systems, Risk & Management, Health, Safety, and Environment.

We help professionals and organizations to show commitment and competence with internationally recognized standards by providing this assurance through the education, evaluation and certification against rigorous, internationally recognized competence requirements. Our mission is to provide our clients comprehensive services that inspire trust, continual improvement, demonstrate recognition, and benefit society as a whole.
Why become PECB Certified Trainer?

Professional development is what every individual seeks and we are here to support your professional development on your way to the top.

The role of a PECB Trainer is to provide clients with the knowledge and skills to perform better in their role or position. To do so, trainers should be well-prepared and organized, up-to-date with current trends, have strong communication and interpersonal skills, and portray loyalty to clients and PECB.

Some of the benefits of holding a PECB Trainer Status are:

- Sharing knowledge builds your profile as an expert
- Well paid training mandates
- Leading training material in the industry
- Opportunity to meet a wide range of professionals from the same field
- Worldwide teaching.
Your journey starts by simply applying [here](#). After completing the online registration, and in case of a positive initial evaluation of the application, each candidate will need to go through the following steps:

Each candidate needs to have the professional certificate of the respective course he/she intends to teach (ex. for being able to teach the ISO 27001 Lead Auditor Course, the trainer should have the ISO 27001 Lead Auditor Certificate - issued either by PECB or by an international recognized Certification Body).

- **Certification(s)**
- **PECB Trainer Role Introduction**: A video presentation which provides a closer look about PECB services including what PECB expects from its Trainers.
- **Quiz**: A short quiz session consisting of questions entirely based on the content of the PECB Trainer Role Introduction.
Standards.

Demonstration of presentation skills and knowledge.
To be presented in English, French or Spanish.

Questionnaire

A short questionnaire consisting of questions related to the previous work experience, any related experience to delivering trainings and general knowledge of ISO Standards.

Trainer Demo Presentation

Demonstration of presentation skills and knowledge.
To be presented in English, French or Spanish.
The evaluation process can take up to 2-3 weeks and is based on the following criteria:

- Teaching Abilities
- Communication Skills
- Professional Experience
- Familiarity with the ISO Standards

Depending on the results of their evaluation, a candidate can be asked to comply with additional requirements as following a training session, give a course under the supervision or passing an exam.
PECB Trainers are evaluated continuously by PECB through the course evaluation forms, which are submitted by the candidates after the completion of each training session.

Meanwhile, after a period of three years, trainers will go through the Recertification Process and the decision for recertification will be based on the fulfillment of the below requirements:

1. Having a valid PECB Lead Certificate
2. Having delivered at least 1 PECB Course
3. Having a positive feedback on courses delivered

In regards to the recertification process, the following points shall also be noted:

• Timeframe

The recertification process can be performed in the period of 3 months prior/after the expiry date of the trainer certification. If recertification has not been performed during the set time period, the trainer may be required to start the certification process from the beginning.

• Requirements

If requirements for recertification have not been met and the trainer does not get recertified, a waiting period of at least one year (1) will be applicable.
