SECTION I: INTRODUCTION

About PECB

PECB is a certification body that provides education¹, certification, and certificate programs for individuals on a wide range of disciplines.

Through our presence in more than 150 countries, we help professionals demonstrate their competence in various areas of expertise by providing valuable evaluation, certification, and certificate programs against internationally recognized standards.

Our key objectives are:

1. Establishing the minimum requirements necessary to certify professionals and to grant designations
2. Reviewing and verifying the qualifications of individuals to ensure they are eligible for certification
3. Maintaining and continually improving the evaluation process for certifying individuals
4. Certifying qualified individuals, granting designations and maintaining respective directories
5. Establishing requirements for the periodic renewal of certifications and ensuring that the certified individuals are complying with those requirements
6. Ascertaining that PECB professionals meet ethical standards in their professional practice
7. Representing our stakeholders in matters of common interest
8. Promoting the benefits of certification and certificate programs to professionals, businesses, governments, and the public

Our mission

Provide our clients with comprehensive examination, certification, and certificate program services that inspire trust and benefit the society as a whole.

Our vision

Become the global benchmark for the provision of professional certification services and certificate programs.

Our values

Integrity, Professionalism, Fairness

¹ Education refers to training courses developed by PECB and offered globally through our partners.

The Value of PECB Certification

Global recognition

PECB credentials are internationally recognized and endorsed by many accreditation bodies, so professionals who pursue them will benefit from our recognition in domestic and international markets.

The value of PECB certifications is validated by the accreditation from the International Accreditation Service (IAS-PCB-111), the United Kingdom Accreditation Service (UKAS-No. 21923) and the Korean Accreditation Board (KAB-PC-08) under ISO/IEC 17024 – General requirements for bodies operating certification of persons. The value of PECB certificate programs is validated by the accreditation from the ANSI National Accreditation Board (ANAB-Accreditation ID 1003) under ANSI/ASTM E2659-18, Standard Practice for Certificate Programs.

PECB is an associate member of The Independent Association of Accredited Registrars (IAAR), a full member of the International Personnel Certification Association (IPC), a signatory member of IPC MLA, and a member of Club EBIOS, CPD Certification Service, CLUSIF, Credential Engine, and ITCC. In addition, PECB is an approved Licensed Partner Publisher (LPP) from the Cybersecurity Maturity Model Certification Accreditation Body (CMMC-AB) for the Cybersecurity Maturity Model Certification standard (CMMC), is approved by Club EBIOS to offer the EBIOS Risk Manager Skills certification, and is approved by CNIL (Commission Nationale de l'Informatique et des Libertés) to offer DPO certification. For more detailed information, click [here](#).

High-quality products and services

We are proud to provide our clients with high-quality products and services that match their needs and demands. All of our products are carefully prepared by a team of experts and professionals based on the best practices and methodologies.

Compliance with standards

Our certifications and certificate programs are a demonstration of compliance with ISO/IEC 17024 and ASTM E2659. They ensure that the standard requirements have been fulfilled and validated with adequate consistency, professionalism, and impartiality.

Customer-oriented service

We are a customer-oriented company and treat all our clients with value, importance, professionalism, and honesty. PECB has a team of experts who are responsible for addressing requests, questions, and needs. We do our best to maintain a 24-hour maximum response time without compromising the quality of the services.

Flexibility and convenience

Online learning opportunities make your professional journey more convenient as you can schedule your learning sessions according to your lifestyle. Such flexibility gives you more free time, offers more career advancement opportunities, and reduces costs.

PECB Code of Ethics

The Code of Ethics represents the highest values and ethics that PECB is fully committed to follow, as it recognizes the importance of them when providing services and attracting clients.

The Compliance Division makes sure that PECB employees, trainers, examiners, invigilators, partners, distributors, members of different advisory boards and committees, certified individuals, and certificate holders (hereinafter “PECB professionals”) adhere to this Code of Ethics. In addition, the Compliance Division consistently emphasizes the need to behave professionally and with full responsibility, competence, and fairness in service provision with internal and external stakeholders, such as applicants, candidates, certified individuals, certificate holders, accreditation authorities, and government authorities.

It is PECB’s belief that to achieve organizational success, it has to fully understand the clients and stakeholders’ needs and expectations. To do this, PECB fosters a culture based on the highest levels of integrity, professionalism, and fairness, which are also its values. These values are integral to the organization, and have characterized the global presence and growth over the years and established the reputation that PECB enjoys today.

PECB believes that strong ethical values are essential in having healthy and strong relationships. Therefore, it is PECB’s primary responsibility to ensure that PECB professionals are displaying behavior that is in full compliance with PECB principles and values.

PECB professionals are responsible for:

1. Displaying professional behavior in service provision with honesty, accuracy, fairness, and independence
2. Acting at all times in their service provision solely in the best interest of their employer, clients, the public, and the profession in accordance with this Code of Ethics and other professional standards
3. Demonstrating and developing competence in their respective fields and striving to continually improve their skills and knowledge
4. Providing services only for those that they are qualified and competent and adequately informing clients and customers about the nature of proposed services, including any relevant concerns or risks
5. Informing their employer or client of any business interests or affiliations which might influence or impair their judgment
6. Preserving the confidentiality of information of any present or former employer or client during service provision
7. Complying with all the applicable laws and regulations of the jurisdictions in the country where the service provisions were conducted
8. Respecting the intellectual property and contributions of others
9. Not communicating intentionally false or falsified information that may compromise the integrity of the evaluation process of a candidate for a PECB certification or a PECB certificate program
10. Not falsely or wrongly presenting themselves as PECB representatives without a proper license or misusing PECB logo, certifications or certificates
11. Not acting in ways that could damage PECB’s reputation, certifications or certificate programs
12. Cooperating in a full manner on the inquiry following a claimed infringement of this Code of Ethics

To read the complete version of PECB’s Code of Ethics, go to [Code of Ethics | PECB](#).

Introduction to ISO 18788 Lead Implementer

ISO 18788 specifies the requirements for establishing, implementing, maintaining, and continually improving a security operations management system (SOMS). The standard utilizes the PDCA cycle for contract security operations, covering the planning, doing, checking, and acting phases. During the planning phase, the organization sets objectives, allocates resources, and addresses risks and opportunities. Next, the do phase implements the established processes, followed by the check phase, which involves monitoring and measuring compliance with relevant policies and regulations. Finally, the act phase requires the organization to take necessary steps to continually improve performance.

ISO 18788 is heavily based on good practices described further in the following documents:

- Montreux Document on Pertinent International Legal Obligations and Good Practices for States related to Operations of Private Military and Security Companies during Armed Conflict (09/2008);
- International Code of Conduct for Private Security Service Providers (ICoC) (11/2010);
- Guiding Principles on Business and Human Rights; Implementing the United Nations “Protect, Respect and Remedy” Framework (2011).

The “ISO 18788 Lead Implementer” credential is a professional certification for individuals aiming to demonstrate the competence to implement the security operations management system and lead an implementation team.

Considering that implementing is one of the most in-demand professions, an internationally recognized certification can help you achieve your career potential and reach your professional objectives.

PECB certifications are not a license or simply a membership. They attest the candidates’ knowledge and skills gained through our training courses and are issued to candidates that have the required experience and have passed the exam.

This document specifies the PECB ISO 18788 Lead Implementer certification scheme in compliance with ISO/IEC 17024:2012. It also outlines the steps that candidates should take to obtain and maintain their credentials. As such, it is very important to carefully read all the information included in this document before completing and submitting your application. If you have questions or need further information after reading it, please contact the PECB international office at certification.team@pecb.com.

SECTION II: EXAMINATION PREPARATION, RULES, AND POLICIES

Preparing for and scheduling the exam

All candidates are responsible for their own study and preparation for certification exams. Although candidates are not required to attend the training course to be eligible for taking the exam, attending it can significantly increase their chances of successfully passing the exam.

To schedule the exam, candidates have two options:

1. Contact one of our authorized partners. To find an authorized partner in your region, please go to [Active Partners](#). The training course schedule is also available online and can be accessed on [Training Events](#).
2. Take a PECB exam remotely through the [PECB Exams application](#). To schedule a remote exam, please go to the following link: [Exam Events](#).

To learn more about exams, competency domains, and knowledge statements, please refer to *Section III* of this document.

Rescheduling the exam

For any changes with regard to the exam date, time, location, or other details, please contact online.exams@pecb.com.

Application fees for examination and certification

Candidates may take the exam without attending the training course. The applicable prices are as follows:

- Lead Exam: \$1000²
- Manager Exam: \$700
- Foundation Exam: \$500
- Transition Exam: \$500

The application fee for certification is \$500.

For the candidates that have attended the training course via one of PECB's partners, the application fee covers the costs of the exam (first attempt and first retake), the application for certification, and the first year of Annual Maintenance Fee (AMF).

² All prices listed in this document are in US dollars.

Competency domains

The objective of the “PECB ISO 18788 Lead Implementer” exam is to ensure that the candidate has acquired the necessary competence to support an organization in establishing, implementing, managing and maintaining a SOMS.

The ISO 18788 Lead Implementer certification is intended for:

- Managers or consultants involved in and concerned with the implementation of a security operations management system in an organization
- Project managers, consultants, or expert advisers seeking to master the implementation of a security operations management system
- Individuals responsible for maintaining conformity with the ISO 18788 requirements in an organization
- Members of a SOMS implementation team

The content of the exam is divided as follows:

- **Domain 1:** Fundamental principles and concepts of a security operations management system (SOMS)
- **Domain 2:** Security operations management system (SOMS)
- **Domain 3:** Planning the SOMS implementation
- **Domain 4:** Implementing an SOMS
- **Domain 5:** Performance evaluation, monitoring, and measurement of a SOMS
- **Domain 6:** Continual improvement of a SOMS
- **Domain 7:** Preparing for a SOMS certification audit

Domain 1: Fundamental principles and concepts of a security operations management system (SOMS)

Main objective: Ensure that the candidate is able to interpret ISO 18788 principles and concepts.

Competencies	Knowledge statements
<ol style="list-style-type: none"> 1. Ability to explain the operations of the organization and the development of a Security Operations Management System (SOMS) 2. Ability to identify, analyze and evaluate the security operations management compliance requirements for an organization 3. Ability to explain and illustrate the main concepts of a security operations management system 	<ol style="list-style-type: none"> 1. Knowledge of the seven ISO management principles application in security operations management 2. Knowledge of the different sources of requirements regarding security operations management for an organization: human rights law, regulations, contracts, internal policies and common practices 3. Knowledge of the main concepts and terminology of security operations management as described in ISO 18788

Domain 2: Security operations management system (SOMS) and ISO 18788 requirements

Main objective: Ensure that the candidate is able to identify and explain the requirements for a security operations management system based on ISO 18788.

Competencies	Knowledge statements
<ol style="list-style-type: none"> 1. Ability to identify, understand, classify and explain the requirements of the ISO 18788 clauses 2. Ability to detail and illustrate the requirements and best practices through concrete examples 3. Ability to compare possible solutions to security operations management issues when dealing with a country where governance may be weak and the rule of law undermined 4. Ability to select and demonstrate the best security operations management solutions in order to address the security operations objectives set by the organization 5. Ability to create and justify an action plan for implementing a security operations management system 6. Ability to analyze, evaluate and validate action plans to implement a specific requirement 	<ol style="list-style-type: none"> 1. Knowledge of ISO 18788 requirements 2. Knowledge of various security operations methodologies and their incorporation into the organizational security operations management system based on ISO 18788 3. Knowledge of security operations strategies 4. Knowledge of establishing and implementing security operations procedures 5. Knowledge of the best practices in security operations 6. Knowledge of the requirements of clauses 4 to 10 of ISO 18788 7. Knowledge on continual improvement and practical implementation based on ISO 18788

Domain 3: Planning the SOMS implementation

Main objective: Ensure that the candidate is able to plan the implementation of the SOMS based on ISO 18788.

Competencies	Knowledge statements
<ol style="list-style-type: none"> 1. Ability to manage a SOMS implementation project by following the best practices 2. Ability to observe, analyze and interpret the necessary information to plan the SOMS implementation 3. Ability to observe, analyze and interpret the internal and external context of an organization 4. Ability to perform a Gap Analysis and clarify the Security Operations objectives of an organization 5. Ability to state and justify a SOMS scope based on the security operations objectives of an organization 6. Ability to select approaches and methodologies and tailor them to the needs of the organization 7. Ability to perform the different steps of the risk assessment phases 	<ol style="list-style-type: none"> 1. Knowledge of the main security operations concepts, terminology, process and best practices 2. Knowledge of the principal approaches and methodology frameworks to implement a SOMS 3. Knowledge of the main concepts and terminology related to organizations 4. Knowledge of the main interested parties related to an organization and their characteristics 5. Knowledge of the techniques used to gather information on an organization and perform a Gap Analysis of a management system 6. Knowledge of the characteristics of a SOMS scope in terms of organizational, security operations services and physical boundaries 7. Knowledge of different approaches and main methodology characteristics to perform a risk assessment 8. Knowledge of the main activities of the risk identification, analysis and evaluation related to the SOMS of an organization

Domain 4: Implementing a SOMS

Main objective: Ensure that the candidate is able to implement the processes of a SOMS required for an ISO 18788 certification.

Competencies	Knowledge statements
<ol style="list-style-type: none"> 1. Ability to understand and analyze the needs of the organization, and to provide guidance on the attribution of roles and responsibilities in the context of the SOMS implementation and management 2. Ability to define the documentation and record management processes needed to support the implementation and operations of a SOMS 3. Ability to define processes and properly document them 4. Ability to define and establish SOMS policies and procedures 5. Ability to implement the required processes of the SOMS 6. Ability to define and implement appropriate security operations training, awareness and communication plans 	<ol style="list-style-type: none"> 1. Knowledge for the roles and responsibilities of the key interested parties during and after the implementation and operations of a SOMS 2. Knowledge of the main organizational structures applicable for an organization to manage security operations 3. Knowledge of the best practices on documentation and record management processes and the documentation management lifecycle 4. Knowledge of the characteristics and differences between the different documents related to SOMS: policies, procedures, guidelines, standards etc. 5. Knowledge of model-building controls, process techniques and best practices 6. Knowledge of implementing processes, controls, best practices and techniques 7. Knowledge of the techniques and best practices used to establish security operations management policies, procedures and other types of documentation included in the SOMS 8. Knowledge of the characteristics and the best practices to implement security operations training, awareness and communication plans

Domain 5: Monitoring, measurement, analysis, and evaluation of a SOMS

Main objective: Ensure that the candidate is able to evaluate, monitor, and measure the performance of a SOMS.

Competencies	Knowledge statements
<ol style="list-style-type: none"> 1. Ability to monitor and evaluate the effectiveness of a SOMS 2. Ability to verify to what extent the identified Security Operations Management requirements have been met 3. Ability to define and implement an internal audit program for ISO 18788 4. Ability to perform regular and methodical reviews regarding the suitability, adequacy, effectiveness and efficiency of a SOMS based on the policies and objectives of the organization 5. Ability to define and implement a management review process and counsel management on it 	<ol style="list-style-type: none"> 1. Knowledge of the techniques and best practices to monitor the effectiveness of a SOMS 2. Knowledge of the main concepts and components related to a Security Operations Management Measurement Programme: measures, attributes, indicators, dashboards, etc. 3. Knowledge of the characteristics and differences between operational, tactical and strategic Security Operations Management indicators and dashboards 4. Knowledge of the techniques and methods to define and document adequate and reliable indicators 5. Knowledge of the main concepts and components related to the implementation of a SOMS internal audit program 6. Knowledge of the differences between the concepts of major and minor nonconformities, irregularities and observations 7. Knowledge of the guidelines and best practices to write a nonconformity report 8. Knowledge of the best practices on how to perform management reviews

Domain 6: Continual improvement of a SOMS

Main objective: Ensure that the candidate is able to provide guidance on the continual improvement of a SOMS.

Competencies	Knowledge statements
<ol style="list-style-type: none"> 1. Ability to understand the principles and concepts related to continual improvement 2. Ability to counsel an organization on how to continually improve the effectiveness and the efficiency of a SOMS 3. Ability to implement SOMS continual improvement processes in an organization 4. Ability to determine the appropriate tools to support continual improvement processes of a private security operations organization 5. Ability to identify and analyze the root-causes of nonconformities, and propose action plans to treat them 	<ol style="list-style-type: none"> 1. Knowledge of the main concepts related to continual improvement 2. Knowledge of the characteristics and differences between the concepts of effectiveness and efficiency 3. Knowledge of the main processes, tools and techniques used by professionals to identify the root-causes of nonconformities 4. Knowledge of the characteristics and the differences between corrective and preventive actions 5. Knowledge of the main processes, tools and techniques used by professionals to develop and propose the best corrective and preventive action plans

Domain 7: Preparing for a SOMS certification audit

Main objective: Ensure that the candidate is able to prepare an organization for the certification against ISO 18788.

Competencies	Knowledge statements
<ol style="list-style-type: none"> 1. Ability to understand the main steps, processes and activities related to an ISO 18788 certification audit 2. Ability to understand, explain and illustrate the audit evidence approach in the context of an ISO 18788 audit 3. Ability to counsel an organization to identify and select a certification body that meets its' needs 4. Ability to review the readiness of an organization for an ISO 18788 certification audit 5. Ability to coach and prepare an organization's personnel for an ISO 18788 certification audit 6. Ability to argue and challenge the audit findings and conclusions with external auditors 	<ol style="list-style-type: none"> 1. Knowledge of the evidence based approach in an audit 2. Knowledge of the different types of evidence: physical, mathematical, confirmative, technical, analytical, documentary and verbal 3. Knowledge of the differences between Stage 1 and Stage 2 audits 4. Knowledge of Stage 1 audit requirements, steps and activities 5. Knowledge of the documentation review criteria 6. Knowledge of Stage 2 audit requirements, steps and activities 7. Knowledge of follow-up audit requirements, steps and activities 8. Knowledge of surveillance audits and recertification audit requirements, steps and activities 9. Knowledge of the requirements, guidelines and best practices to develop action plans following an ISO 18788 certification audit

Based on the above-mentioned domains and their relevance, the exam contains 12 questions, as summarized in the table below:

		Level of understanding (Cognitive/Taxonomy) required						
		Points per question	Questions that measure comprehension, application, and analysis	Questions that measure evaluation	Number of questions per competency domain	% of the exam devoted to each competency domain	Number of points per competency domain	% of points per competency domain
Competency domains	Fundamental principles and concepts of a security operations management system (SOMS)	5	X		1	8.33	5	6.67
	Security operations management system (SOMS) and ISO 18788 requirements	5	X		1	8.33	5	6.67
	Planning the SOMS implementation	5	X		2	16.67	10	13.34
		5	X					
	Implementing a SOMS	10		X	4	33.34	25	33.35
		5		X				
		5		X				
		5		X				
	Monitoring, measurement, analysis and evaluation of a SOMS	10		X	2	16.67	20	26.68
		10		X				
	Continual improvement of a SOMS	5		X	1	8.33	5	6.67
	Preparing for a SOMS certification audit	5		X	1	8.33	5	6.67
Total points		75						
Number of questions per level of understanding			4	8				
% of the exam devoted to each level of understanding (cognitive/taxonomy)			33.32	66.64				

The passing score of the exam is **70%**.

After successfully passing the exam, candidates will be able to apply for obtaining the “PECB Certified ISO 18788 Lead Implementer” credential.

Taking the exam

General information about the exam

Candidates are required to arrive/be present at least 30 minutes before the exam starts.

Candidates who arrive late will not be given additional time to compensate for the late arrival and may not be allowed to sit for the exam.

Candidates are required to bring a valid identity card (a national ID card, driver's license, or passport) and show it to the invigilator.

If requested on the day of the exam (paper-based exams), additional time can be provided to candidates taking the exam in a non-native language, as follows:

- 10 additional minutes for Foundation exams
- 20 additional minutes for Manager exams
- 30 additional minutes for Lead exams

PECB exam format and type

1. **Paper-based:** Exams are provided on paper, where candidates are not allowed to use anything but the exam paper and a pen. The use of electronic devices, such as laptops, tablets, or phones, is not allowed. The exam session is supervised by a PECB approved Invigilator at the location where the Partner has organized the training course.
2. **Online:** Exams are provided electronically via the PECB Exams application. The use of electronic devices, such as tablets and cell phones, is not allowed. The exam session is supervised remotely by a PECB Invigilator via the PECB Exams application and an external/integrated camera.

For more information about online exams, go to the [PECB Online Exam Guide](#).

PECB exams are available in two types:

1. Essay-type question exam
2. Multiple-choice question exam

This exam comprises essay-type questions. Essay-type questions are used to determine and evaluate whether a candidate can clearly answer questions related to the defined competency domains. Additionally, problem-solving techniques and arguments that are supported with reasoning and evidence will also be evaluated. The exam aims to evaluate candidates' comprehension, analytical skills, and applied knowledge. Therefore, candidates are required to provide logical and convincing answers and explanations in order to demonstrate that they have understood the content and the main concepts of the competency domains.

This is an open-book exam. The candidate is allowed to use the following reference materials:

- A hard copy of the ISO 18788 standard
- Training course materials (accessed through the PECB Exams app and/or printed)
- Any personal notes taken during the training course (accessed through the PECB Exams app and/or printed)
- A hard copy dictionary

A sample of exam questions will be provided below.

Note: PECB will progressively transition to multiple-choice exams. They will also be open book and comprise scenario-based questions that will allow PECB to evaluate candidates' knowledge, abilities, and skills to use information in new situations (apply), draw connections among ideas (analyze), and justify a stand or decision (evaluate).

For specific information about exam types, languages available, and other details, please contact examination.team@pecb.com or go to the [List of PECB Exams](#).

Sample exam questions

1. Interpretation of ISO clauses

For each of the following clauses of ISO 18788, please provide an action plan with at least two concrete actions to ensure conformity to the clause.

Clauses:

1. Clause 7.4.5 Communicating whistle blower policy
2. Clause 9.1 Monitoring, measurement, analysis and evaluation

Please refer to the example below:

Clause 5.1 Leadership and commitment

- *Establish the security operations policy and objectives compatible with the organization's strategic direction*
- *Integrate the requirements of ISO 18788 into the security organization*

Possible answer:

1. Clause 7.4.5 Communicating whistle blower policy
 - *Organize awareness sessions to communicate the whistle blower policy and its importance to all employees within the organization*
 - *Develop a communication strategy and document it*
2. Clause 9.1 Monitoring, measurement, analysis and evaluation
 - *Monitor the effectiveness of the SOMS to ensure that the security operations objectives and targets are achieved*
 - *Analyze the results from monitoring and measurement, and evaluate them accordingly*

2. Recommendations

The organization's management would like you to provide recommendations to improve the processes in place so as to comply with the ISO 18788 requirements on the control of documented information.

Possible answer:

- *Document and implement a procedure for the control of documented information.*
- *Maintain a log for documenting changes with records of approvals.*
- *Communicate the new process and organize the training sessions.*

Exam Security Policy

PECB is committed to protect the integrity of its exams and the overall examination process, and relies upon the ethical behavior of applicants, potential applicants, candidates and partners to maintain the confidentiality of PECB exams. This Policy aims to address unacceptable behavior and ensure fair treatment of all candidates.

Any disclosure of information about the content of PECB exams is a direct violation of this Policy and PECB's Code of Ethics. Consequently, candidates taking a PECB exam are required to sign an Exam Confidentiality and Non-Disclosure Agreement and must comply with the following:

1. The questions and answers of the exam materials are the exclusive and confidential property of PECB. Once candidates complete the submission of the exam to PECB, they will no longer have any access to the original exam or a copy of it.
2. Candidates are prohibited from revealing any information regarding the questions and answers of the exam or discuss such details with any other candidate or person.
3. Candidates are not allowed to take with themselves any materials related to the exam, out of the exam room.
4. Candidates are not allowed to copy or attempt to make copies (whether written, photocopied, or otherwise) of any exam materials, including, without limitation, any questions, answers, or screen images.
5. Candidates must not participate nor promote fraudulent exam-taking activities, such as:
 - Looking at another candidate's exam material or answer sheet
 - Giving or receiving any assistance from the invigilator, candidate, or anyone else
 - Using unauthorized reference guides, manuals, tools, etc., including using "brain dump" sites as they are not authorized by PECB

Once a candidate becomes aware or is already aware of the irregularities or violations of the points mentioned above, they are responsible for complying with those, otherwise if such irregularities were to happen, candidates will be reported directly to PECB or if they see such irregularities, they should immediately report to PECB.

Candidates are solely responsible for understanding and complying with PECB Exam Rules and Policies, Confidentiality and Non-Disclosure Agreement and Code of Ethics. Therefore, should a breach of one or more rules be identified, candidates will not receive any refunds. In addition, PECB has the right to deny the right to enter a PECB exam or to invite candidates for an exam retake if irregularities are identified during and after the grading process, depending on the severity of the case.

Any violation of the points mentioned above will cause PECB irreparable damage for which no monetary remedy can make up. Therefore, PECB can take the appropriate actions to remedy or prevent any unauthorized disclosure or misuse of exam materials, including obtaining an immediate injunction. PECB will take action against individuals that violate the rules and policies, including permanently banning them from pursuing PECB credentials and revoking any previous ones. PECB will also pursue legal action against individuals or organizations who infringe upon its copyrights, proprietary rights, and intellectual property.

Exam results

Exam results will be communicated via email.

- The time span for the communication starts from the exam date and lasts three to eight weeks for essay type exams and two to four weeks for multiple-choice paper-based exams.
- For online multiple-choice exams, candidates receive their results instantly.

Candidates who successfully complete the exam will be able to apply for one of the credentials of the respective certification scheme.

For candidates who fail the exam, a list of the domains where they have performed poorly will be added to the email to help them prepare better for a retake.

Candidates that disagree with the results may request a re-evaluation by writing to examination.team@pecb.com within 30 days of receiving the results. Re-evaluation requests received after 30 days will not be processed. If candidates do not agree with the results of the reevaluation, they have 30 days from the date they received the reevaluated exam results to file a complaint through the [PECB Ticketing System](#). Any complaint received after 30 days will not be processed.

Exam Retake Policy

There is no limit to the number of times a candidate can retake an exam. However, there are certain limitations in terms of the time span between exam retakes.

If a candidate does not pass the exam on the 1st attempt, they must wait 15 days after the initial date of the exam for the next attempt (1st retake).

Note: Candidates who have completed the training course with one of our partners, and failed the first exam attempt, are eligible to retake for free the exam within a 12-month period from the date the coupon code is received (the fee paid for the training course, includes a first exam attempt and one retake). Otherwise, retake fees apply.

For candidates that fail the exam retake, PECB recommends they attend a training course in order to be better prepared for the exam.

To arrange exam retakes, based on exam format, candidates that have completed a training course, must follow the steps below:

1. Online Exam: when scheduling the exam retake, use initial coupon code to waive the fee
2. Paper-Based Exam: candidates need to contact the PECB Partner/Distributor who has initially organized the session for exam retake arrangement (date, time, place, costs).

Candidates that have not completed a training course with a partner, but sat for the online exam directly with PECB, do not fall under this Policy. The process to schedule the exam retake is the same as for the initial exam.

SECTION III: CERTIFICATION PROCESS AND REQUIREMENTS

PECB ISO 18788 credentials

All PECB certifications have specific requirements regarding education and professional experience. To determine which credential is right for you, take into account your professional needs and analyze the criteria for the certifications.

The credentials in the PECB ISO 18788 scheme have the following requirements:

Credential	Education	Exam	Professional experience	MS project experience	Other requirements
PECB Certified ISO 18788 Provisional Implementer	At least secondary education	PECB Certified ISO 18788 Lead Implementer exam or equivalent	None	None	Signing the PECB Code of Ethics
PECB Certified ISO 18788 Implementer			Two years: One year of work experience in security operations management	Project activities: a total of 200 hours	
PECB Certified ISO 18788 Lead Implementer			Five years: Two years of work experience in security operations management	Project activities: a total of 300 hours	
PECB Certified ISO 18788 Senior Lead Implementer			Ten years: Seven years of work experience in security operations management	Project activities: a total of 1,000 hours	

To be considered valid, the implementation activities should follow best implementation and management practices and include the following:

1. Drafting SOMS implementation plans
2. Initiating SOMS implementation projects
3. Establishing policies, processes, and procedures
4. Setting objectives at relevant levels
5. Implementing the SOMS
6. Managing, monitoring, and maintaining the SOMS
7. Identifying and acting upon continual improvement opportunities

Applying for certification

All candidates who successfully pass the exam (or an equivalent accepted by PECB) are entitled to apply for the PECB credential they were assessed for. Specific educational and professional requirements need to be fulfilled in order to obtain a PECB certification. Candidates are required to fill out the online certification application form (that can be accessed via their PECB account), including contact details of individuals who

will be contacted to validate the candidates' professional experience. Candidates can submit their application in English, French, German, Spanish or Korean languages. They can choose to either pay online or be billed. For additional information, please contact certification.team@pecb.com.

The online certification application process is very simple and takes only a few minutes:

- [Register](#) your account
- Check your email for the confirmation link
- [Log in](#) to apply for certification

For more information on how to apply for certification, click [here](#).

The Certification Department validates that the candidate fulfills all the certification requirements regarding the respective credential. The candidate will receive an email about the application status, including the certification decision.

Following the approval of the application by the Certification Department, the candidate will be able to download the certificate and claim the corresponding Digital Badge. For more information about downloading the certificate, click [here](#), and for more information about claiming the Digital Badge, click [here](#).

PECB provides support both in English and French.

Professional experience

Candidates must provide complete and correct information regarding their professional experience, including job title(s), start and end date(s), job description(s), and more. Candidates are advised to summarize their previous or current assignments, providing sufficient details to describe the nature of the responsibilities for each job. More detailed information can be included in the résumé.

Professional references

For each application, two professional references are required. They must be from individuals who have worked with the candidate in a professional environment and can validate their security operations management experience, as well as their current and previous work history. Professional references of persons who fall under the candidate's supervision or are their relatives are not valid.

SOMS project experience

The candidate's SOMS project log will be checked to ensure that the candidate has the required number of implementation hours.

Evaluation of certification applications

The Certification Department will evaluate each application to validate the candidates' eligibility for certification or certificate program. A candidate whose application is being reviewed will be notified in writing and, if necessary, given a reasonable time frame to provide any additional documentation. If a candidate does not respond by the deadline or does not provide the required documentation within the given

time frame, the Certification Department will validate the application based on the initial information provided, which may lead to the candidates' credential downgrade.

SECTION IV: CERTIFICATION POLICIES

Denial of certification

PECB can deny certification/certificate program if candidates:

- Falsify the application
- Violate the exam procedures
- Violate the PECB Code of Ethics

Candidates whose certification/certificate program has been denied can file a complaint through the complaints and appeals procedure. For more detailed information, refer to [Complaint and Appeal Policy](#) section.

The application payment for the certification/certificate program is nonrefundable.

Certification status options

Active

Means that your certification is in good standing and valid, and it is being maintained by fulfilling the PECB requirements regarding the CPD and AMF.

Suspended

PECB can temporarily suspend candidates' certification if they fail to meet the requirements. Other reasons for suspending certification include:

- PECB receives excessive or serious complaints by interested parties (suspension will be applied until the investigation has been completed.)
- The logos of PECB or accreditation bodies are willfully misused.
- The candidate fails to correct the misuse of a certification mark within the determined time by PECB.
- The certified individual has voluntarily requested a suspension.
- PECB deems appropriate other conditions for suspension of certification.

Revoked

PECB can revoke (that is, to withdraw) the certification if the candidate fails to satisfy its requirements. In such cases, candidates are no longer allowed to represent themselves as PECB Certified Professionals.

Additional reasons for revoking certification can be if the candidates:

- Violate the PECB Code of Ethics
- Misrepresent and provide false information of the scope of certification
- Break any other PECB rules
- Any other reasons that PECB deems appropriate

Candidates whose certification has been revoked can file a complaint through the complaints and appeals procedure. For more detailed information, refer to [Complaint and Appeal Policy](#) section.

Other statuses

Besides being active, suspended, or revoked, a certification can be voluntarily withdrawn or designated as Emeritus. To learn more about these statuses and the permanent cessation status, go to [Certification Status Options](#).

Upgrade and downgrade of credentials

Upgrade of credentials

Professionals can upgrade their credentials as soon as they can demonstrate that they fulfill the requirements.

To apply for an upgrade, candidates need to log into their PECB account, visit the “My Certifications” tab, and click on “Upgrade.” The upgrade application fee is \$100.

Downgrade of credentials

A PECB Certification can be downgraded to a lower credential due to the following reasons:

- The AMF has not been paid.
- The CPD hours have not been submitted.
- Insufficient CPD hours have been submitted.
- Evidence on CPD hours has not been submitted upon request.

Note: *PECB certified professionals who hold Lead certifications and fail to provide evidence of certification maintenance requirements will have their credentials downgraded. The holders of Master Certifications who fail to submit CPDs and pay AMFs will have their certifications revoked.*

Renewing the certification

PECB certifications are valid for three years. To maintain them, PECB certified professionals must meet the requirements related to the designated credential, e.g., they must fulfill the required number of continual professional development (CPD) hours. In addition, they need to pay the annual maintenance fee (\$120). For more information, go to the [Certification Maintenance](#) page on the PECB website.

Closing a case

If candidates do not apply for certification within one year, their case will be closed. Even though the certification period expires, candidates have the right to reopen their case. However, PECB will no longer be responsible for any changes regarding the conditions, standards, policies, and candidate handbook that were applicable before the case was closed. A candidate requesting their case to reopen must do so in writing to certification.team@pecb.com and pay the required fee.

Complaint and Appeal Policy

Any complaints must be made no later than 30 days after receiving the certification decision. PECB will provide a written response to the candidate within 30 working days after receiving the complaint. If candidates do not find the response satisfactory, they have the right to file an appeal.

For more information about the Complaint and Appeal Policy, click [here](#).

SECTION V: GENERAL POLICIES

Exams and certifications from other accredited certification bodies

PECB accepts certifications and exams from other recognized accredited certification bodies. PECB will evaluate the requests through its equivalence process to decide whether the respective certification(s) or exam(s) can be accepted as equivalent to the respective PECB certification (e.g., ISO 18788 Lead Implementer certification).

Non-discrimination and special accommodations

All candidate applications will be evaluated objectively, regardless of the candidates' age, gender, race, religion, nationality, or marital status.

To ensure equal opportunities for all qualified persons, PECB will make reasonable accommodations³ for candidates, when appropriate. If candidates need special accommodations because of a disability or a specific physical condition, they should inform the partner/distributor in order for them to make proper arrangements⁴. Any information that candidates provide regarding their disability/special needs will be treated with confidentiality. To download the Candidates with Disabilities Form, click [here](#).

Behavior Policy

PECB aims to provide top-quality, consistent, and accessible services for the benefit of its external stakeholders: distributors, partners, trainers, invigilators, examiners, members of different committees and advisory boards, and clients (trainees, examinees, certified individuals, and certificate holders), as well as creating and maintaining a positive work environment which ensures safety and well-being of its staff, and holds the dignity, respect and human rights of its staff in high regard.

The purpose of this Policy is to ensure that PECB is managing unacceptable behavior of external stakeholders towards PECB staff in an impartial, confidential, fair, and timely manner. To read the Behavior Policy, click [here](#).

Refund Policy

PECB will refund your payment, if the requirements of the Refund Policy are met. To read the Refund Policy, click [here](#).

³ According to ADA, the term "reasonable accommodation" may include: (A) making existing facilities used by employees readily accessible to and usable by individuals with disabilities; and (B) job restructuring, part-time or modified work schedules, reassignment to a vacant position, acquisition or modification of equipment or devices, appropriate adjustment or modifications of examinations, training materials or policies, the provision of qualified readers or interpreters, and other similar accommodations for individuals with disabilities.

⁴ ADA Amendments Act of 2008 (P.L. 110–325) Sec. 12189. Examinations and courses. [Section 309]: Any person that offers examinations or courses related to applications, licensing, certification, or credentialing for secondary or post-secondary education, professional, or trade purposes shall offer such examinations or courses in a place and manner accessible to persons with disabilities or offer alternative accessible arrangements for such individuals.
